

Current Team Members Questions and Answers						
Date	Subject	User Group	Have you ever used the current website?	Why did you use? Recall the last time you accessed it.	What other sources do you use for team related information?	What source do you check the most/what information are you looking for?
1/21/2015	OH	Current	Yeah a few times	Look up past write ups (blog posts), roster since I'm social chair to make sure I have everyone accounted for especially at the beginning of the season. The site feels like it is more for outsiders.	I check the public Facebook and private Facebook page a lot. Also I get emails and texts from the captains.	The facebook page, also word of mouth at practices and events and stuff.
1/21/2015	WN	Current	Yup.	I check the games and scheduling. It's nice because it is all laid out there. Its convenient.	Amy (the captain) sends out a lot of texts and emails which is nice, but to be able to see everything easily. Also I check the FB page all the time.	I hear a lot at practice and just word of mouth in general. Also the FB page
1/21/2015	AM	Current	Not really... Maybe	I think I used it before I started playing to check if there was a team and to find out any of the info. Also to get to the insurance and health forms we fill out at the beginning of the season (SCAMS)	Nothing really, I just hear info at practices	I check the Facebook page all the time.
